

# Summer Camp in Bommer Canyon: Ages 5-8

#### The Power of Plants

Jun 30 -Jul 3

# 139814

Explore all of the ways in which plants are important to us. We will uncover many of the ways plants help us to survive including providing food and oxygen and helping to regulate our environment.

## **Crazy Critters**

Jul 7-11

# 139815

Mammals that lay eggs, fish that can fly -- there's even a local reptile that can shoot blood out of its eye! Earth is made up of some of the craziest animals imaginable. Join us this week as we learn about these amazing critters.

Jul 14-18

# 139816

Travel back in time and learn all about dinosaurs! What kinds of dinosaurs roamed our lands? Discover how, where, and when the dinosaurs lived through games, demonstrations, crafts, and hands-on activities.

### **Creatures of the Deep**

Jul 21-25

# 139817

What lies within the depths of our oceans? We will uncover hidden species within the Marianas Trench, and learn how we were able to discover these mysterious and unknown creatures of the deep.

# Jul 28-Aug 1 **Spectacular Science** # 139818

Things are not always as they seem. Uncover the remarkable ways in which our world works through a series of spectacular experiments. We will explore the phenomena of weather, the compulsion of magnets, the mechanics of physics, and more!

### **Habitat Safari**

Aug 4-Aug 8

# 139819

From lush rainforests to the vast deserts, our planet is comprised of an unimaginable variety of life. Explore different habitats, the animals that live there, and how they are equipped to survive in their environment.

### **Planet Protectors**

Aug 11-Aug 15

# 139820

Earth needs you! Come discover ways in which we can help our planet through games, crafts, and earth saving activities. Recycling, composting, and conservation await you during this week of awareness.

#### **Incredible Insects**

Aug 18-Aug 22

# 139821

Unearth the creepy crawly creatures that thrive all around us in Bommer Canyon! Dig up the facts on why stink bugs are smelly and why beetles might be the most successful creatures on the planet!

### **American Treasures**

Aug 25-Aug 29

# 139822

Discover America's beauty as we learn about what makes our country amazing! Learn about the majestic bald eagle, species that can only be found within our borders, and some of the natural geography unique to our country.
