

CHILD SAFETY & ABDUCTION PREVENTION FOR CHILDREN & PARENTS

SEATING LIMITED - RSVP NOW TO RESERVE

Bob Stuber's Nationally Known Safe Escape Program (Smart ways to help keep kids safe from abduction!)

This <u>VERY IMPORTANT</u> presentation will teach families in a non-threatening, entertaining environment about common lures used by abductors. It will empower children to make "Smart Choices" instead of "Scared Reactions" by using practical, common sense prevention, and evasion skills. The "Velcro," "Bicycle," and "Windmill" techniques (among others) are all safety skills that can help children recognize and/or escape potential danger.

6:30 - 8:30 P.M.

August 23, 2006 - Irvine City Hall Council Chambers (1 Civic Center Plaza)

Join our Child Safety distribution list to receive current information on upcoming child safety presentations and crime-related information. Click on the E-mail below to reserve seating and to add your name to the list.
